

Frog Hollow Road Caution Spots

*With numerous P-Plate and Learner drivers in the area at the moment
The Frog Hollow Residents Committee thought it would be good to
REMIND EVERYONE of the areas where we all need to be careful.*

If you have lived here for a while you'll know about the various road nasties we contend with:
Blind corners, narrow spots,

Cars parked near corners, boats, trailers ...

Kids playing handball and slow moving cats...

Plus a couple of corners that people often cut.

Let's try and be extra careful and set a good example for the new drivers in the area.
